Dear Angela,

This letter is in regards to the compliance check of your Level A, Registered Child Development Home completed on 10/21/14. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

110.5(8) Children's Files An individual file is maintained for each child and **updated annually or when there are changes**. Each file contains: **The children's files must be updated annually with the emergency medical authorization completed yearly. If the parent wants to review, edit and re-sign and date the intake and emergency medical authorization instead of completing a new form that is ok. I suggest you pick a date, such as the first of the year, beginning of school, your birthday or anniversary, Valentine's Day, etc. On that date I suggest you double check for a current physical form and immunizations (if there were any updates) and have the parents redo or re-sign the emergency medical and intake information.**

☐ 110.5(8)c A signed medical consent from the parent authorizing emergency treatment. **Need the annual update for: AH.**

☐ 110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance. **Need for: all of your children need a documentation of a current physical.**

☐ 110.5(8)g A signed and dated immunization certificate provided by the state department of public health. **Need for: SA, AH and LA.**

☐ 110.9(1) SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME CATEGORY "B"

☐ 110.9(1)b Of these six children, not more than four children who are 24 months of age or younger are present at any one time. **On day of visit provider had 5 preschool children in their care, provider has six enrolled all under school-age. Provider has three children under 18 months of age, but five children under 24 months of age. Provider stated she did not realize she was over her numbers for 24 months of age and she stated she will make a correction so she remains within the correct number of children under 24 months of age.**

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☒ Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed.

Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.

Please sign and date below, and return this form in the provided envelope by: 45 days of receipt.
